Our Story

Exciting, inspirational, fun! Every visit to The ToyShoy Store will be an experience you'll want to remember again and again!

Established in 216, and with a network of stores throughout the Karachi, we believe we know what makes a great place to buy toys.

We stock the toys and games you know and love – you'll find Disney, Marvel, LEGO, Barbie, Ty, Paddington and Sylvanian Families to name just a few. We also stock some great new ranges, such as Star Wars, Shepperton Studios, Bonnie and Pearl, and our very own Mr Men character – Mr Fun!

But it's The ToyShoy Store experience you'll really love – our store encourages kids to lose themselves in their imagination. With in-store entertainment, demonstrations and their best-loved characters coming to life, it's an exciting and inspiring place to be!

Why Choose Us Section:

Why Choose Us

Quick & Easy Delivery

We provide all our toys and other items through trustable and reliable courier companies, to make sure your item gets to you safe and sound.

Highly Secured

Our website is completely secured, using latest firewalls and ssl certificates on our website. Along with Cloudflare service to make sure your data is safe and secure.

Best Support

Our representatives are always eager to help you out whether you have any general query or you have any complaint we provide complete support until our customer is satisfied.

Getting spammed? You have protection.

Before you cry over spilt mail...

Spammers target everything: your contact forms aren't an exception. Before you get spammed, protect your contact forms with the powerful anti-spam features Contact Form 7 provides.

Contact Form 7 doesn't store submitted messages anywhere. Therefore, you may lose important messages forever if your mail server has issues or you make a mistake in mail configuration.

Contact Form 7 supports spam-filtering with **Akismet**. Intelligent **reCAPTCHA** blocks annoying spambots. Plus, using **comment blacklist**, you can block messages containing specified keywords or those sent from specified IP addresses.

Install a message storage plugin before this happens to you. **Flamingo** saves all messages through contact forms into the database. Flamingo is a free WordPress plugin created by the same author as Contact Form 7.
